

2019 Earth Explorers Camp Activities

Brevard Zoo is excited to offer unique “Earth Explorer” traveling summer camps for campers entering 7th-12th grade. Below are some of the activities your child could experience during camp, however activities & excursions are still being arranged and could potentially change. Most excursions take place all-day and offsite, making late drop-off and early pick-up unavailable. Many of the activities are outdoors with vendors requiring liability waivers, including weight restrictions and not going against mental and/or medical advice.

Pizza lunch is provided on Monday and snacks daily. Campers should bring a reusable water bottle every day, a packed lunch Tuesday-Friday, and are encouraged to bring additional snacks as desired.
