Brevard Zoo opens registration for winter camps

MELBOURNE, Fla., October 15, 2018 — Elementary schoolchildren are invited to explore the history of Florida wildlife and animal adaptations as part of this year's winter break camps at Brevard Zoo.

This winter, the Zoo is offering two themed camps: Florida Wildlife Expedition and Amazing Animals. Both are broken up for children in kindergarten through second grade and third through fourth grade.

The first camp, which will run January 2–4, invites children to uncover secrets of Wild Florida as they compare local critters to animals of the past and around the world. The second camp will run January 7–9 and allow campers to explore a variety of habitats and discover what adaptations animals need to survive in their environments.

More information and registration is available at www.brevardzoo.org/zoo-winter-camps.

###

Brevard Zoo is home to more than 900 animals representing 195 species from all over the world. As a not-for-profit organization, it is a leader in the fields of animal wellness, education and conservation. More information is available at www.brevardzoo.org.

Treetop Trek features five aerial obstacle courses that whisk guests above parts of the Zoo and through lush Florida landscapes. More information is available at www.treetoptrek.com.
