Butterflies and the Magic of Nature to end September 30

MELBOURNE, Fla., September 20, 2018 — Brevard Zoo guests have a few more days to see their friends at Butterflies and the Magic of Nature. The exhibit, which opened on Saturday, May 26, will close on Sunday, September 30.

May marked the first time in three years that the Zoo housed butterflies. Aside from the hundreds of native Florida insects, the exhibit also features juvenile goats, lemurs, colorful birds, a massive snapping turtle, hands-on nature play activities and training demonstrations.

Guests will be able to find the goats—Lilly and Violet—and chickens in the Zoo's Petting Zone after the exhibit closes.

Butterflies and the Magic of Nature is presented by Hope and Brian Fisher and runs 10 a.m. to 5 p.m. daily with last entry at 4:30 p.m. The exhibit is included with general Zoo admission.

###

Brevard Zoo is home to more than 900 animals representing 195 species from all over the world. As a not-for-profit organization, it is a leader in the fields of animal wellness, education and conservation. More information is available at www.brevardzoo.org.

Treetop Trek features five aerial obstacle courses that whisk guests above parts of the Zoo and through lush Florida landscapes. More information is available at www.treetoptrek.com.
